

# Pallets and Accessories Specifications

## Table Of Contents

| Page Description .....              | Page Number |
|-------------------------------------|-------------|
| Rectangular Pallets .....           | 2-3         |
| Large Pallets Using HD Arm.....     | 4-5         |
| Mini Pallets .....                  | 6           |
| Leg Pallets.....                    | 7           |
| Short Sleeve/Short Leg Pallets..... | 8           |
| Single Long Sleeve Pallets.....     | 9           |
| Double Long Sleeve Pallets .....    | 10          |
| Double Mask Pallets.....            | 11          |
| Umbrella Pallet/Quick Stretch.....  | 12          |
| Koozie Pallets.....                 | 13          |
| Universal Attachments.....          | 14          |
| Zipper Attachments .....            | 15          |
| Bag Attachments .....               | 16          |
| All Over Pallet.....                | 17          |
| Wing Pallets .....                  | 18          |
| Vacuum Pallets .....                | 19          |
| Quick Stretch.....                  | 20          |
| Cap Pallets .....                   | 21          |
| Tagless Pallets .....               | 22          |
| Side Clamps .....                   | 23          |
| Squeegee Rest.....                  | 24          |
| The DiGiT .....                     | 25          |
| The DiGiT-Jr.....                   | 26          |
| V100 Pallets .....                  | 27          |
| V10 Pallets .....                   | 28          |
| Pallet Arms V-2000/V-1000 .....     | 29          |
| Pallet Arm Adaptor .....            | 30          |

For Quick Stretch (Jacket hold-down) specs and availability, please refer to the Quick Stretch spec sheet

\* To order a pallet **without** a Vastex Pallet Arm, add "-NA" after the pallet's part number. Ex: **V2P-1517-NA**

\*\* Based on utilizing max image area on pallet. Using smaller screens than indicated will limit max image size.

\*\*\* Requires HD head upgrade for use on V-1000, except when 20" x 24" screens are used and image size is reduced.

## Features:

- All steel construction
- Replaceable rubber top
- Leveling screws
- Quick release pallet arm
- Removable neck guide
- Call for custom sizes!!

For Quick Stretch (Jacket hold-down) specs and availability, please refer to the Quick Stretch spec sheet

\* To order a pallet **without** a Vastex Pallet Arm, add "-NA" after the pallet's part number. Ex: **V2P-1517-NA**

\*\* Based on utilizing max image area on pallet. Using smaller screens than indicated will limit max image size.

\*\*\* Requires HD head upgrade for use on V-1000, except when 20" x 24" screens are used and image size is reduced.

**Pallet Arm (Mini)**

V-2000 P/N: **V2-ARM-M** (shown)

V-1000 P/N: **V1-ARM-M**

(Side View of Pallet Shown)

**Features:**

- All steel construction
- Replaceable rubber top
- Leveling screws
- Quick release pallet arm
- Call for custom sizes!!

| **Suggested Screen Size: | 20" x 24"<br>(51x61cm)                                                                           | 20" x 24"<br>(51x61cm)                                                                                                                      | 20" x 24"<br>(51x61cm)                                                                            |
| Shipping Weight:         | 3lb<br>(1.4kg)                                                                                   | 4lb<br>(1.8kg)                                                                                                                              | 5lb<br>(2.3kg)                                                                                    |
| Notes:                   | -Helps simplify alignment of above pocket prints<br>-Brings printing surface above pocket height | -Gives you the ability to print multi-color designs on pockets without the pocket moving<br>-Shim the screen up for quick height adjustment | -Raises printing surface above polo-shirt buttons<br>-Place 2 side by side to print across seams! |

For Quick Stretch (Jacket hold-down) specs and availability, please refer to the Quick Stretch spec sheet

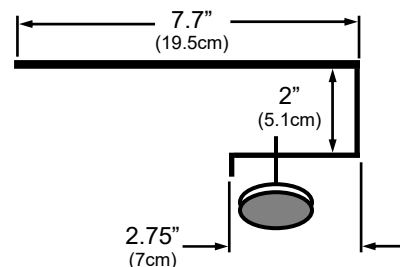

\* To order a pallet **without** a Vastex Pallet Arm, add "-NA" after the pallet's part number. Ex: **V2P-1517-NA**

\*\* Based on utilizing max image area on pallet. Using smaller screens than indicated will limit max image size.

\*\*\* Requires HD head upgrade for use on V-1000, except when 20" x 24" screens are used and image size is reduced.

**VP-ZAS11** (Pictured) is shown installed as a pair on a 15x17 pallet.

These repositionable attachments accommodate zippers and seams. Position them so a seam lays between them to print right across. Great for zip up hoodies and jackets with seams or panels.

The Zipper attachments are sized, on a 15" wide pallet, to leave as small as a 1/8" gap between the two attachments.

## Features:

- All steel construction
- Replaceable rubber top
- Quick release pallet arm
- Call for custom sizes!!

\*\*\* Requires HD head upgrade for use on V-1000, except when 20" x 24" screens are used and image size is reduced.

-Adjustable rubber to accommodate different materials!  
-Use a Vastex Quick Stretch for printing without spray tack  
-Great for 2-ply materials like jackets!

## Features:

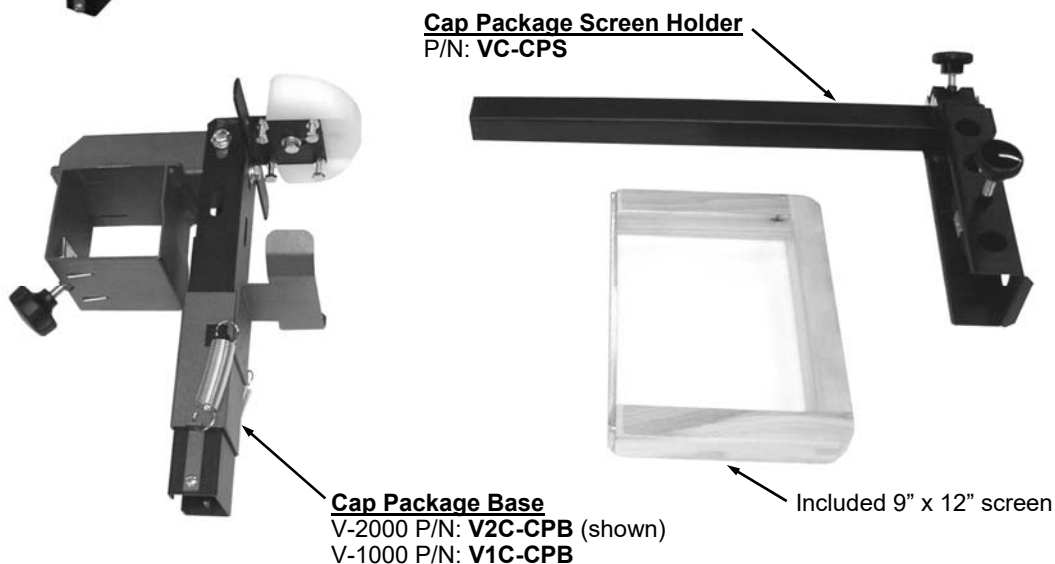

- All steel construction
- Call for custom sizes!!
- Fits all corresponding pallets

## PALLET NOT INCLUDED!!

**Stop getting ink all over your screen when doing pocket images!**

Great for any application! Will fit on any screen, round or square framed, with a diameter or width of 2" or less.

**Support tube (customer supplied)**  
 -5/8" dia. wood dowel or  
 1/2" emt conduit  
 -Cut 1" longer than width of screen

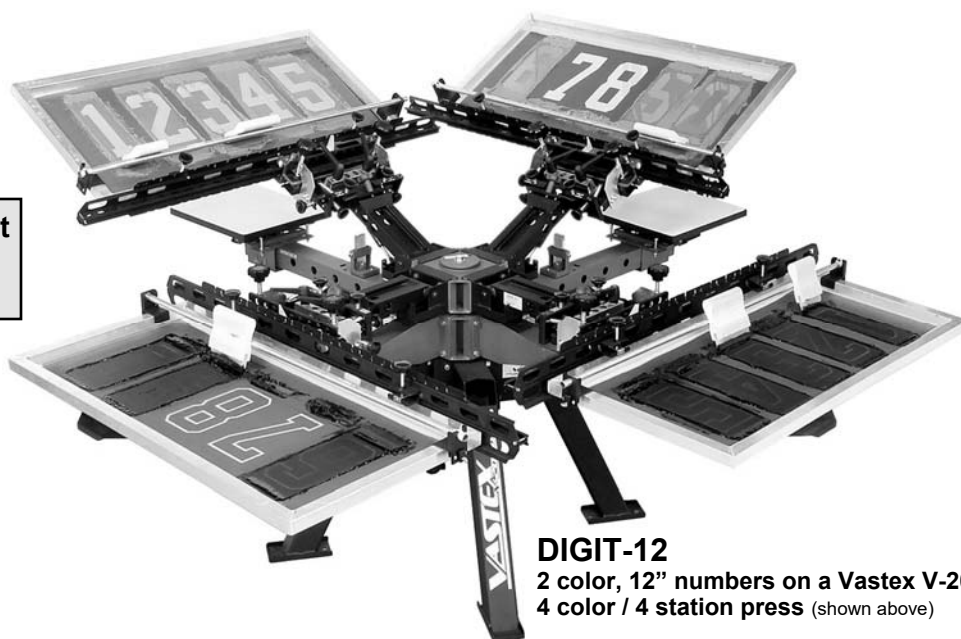

To use with round tube framed screens, you must attach friction tape to the clamping surfaces.

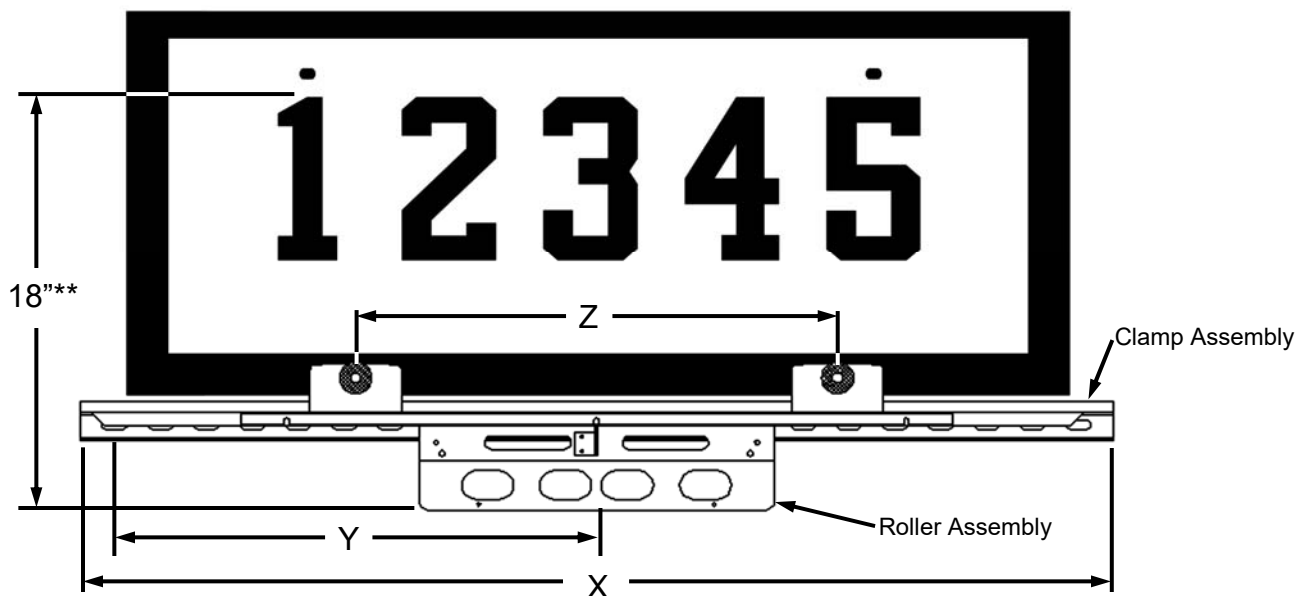

Squeegee Rest  
 P/N: **VN-WT2**  
 -Includes 2 Clamp Assemblies

| <i>Specifications</i>      | Squeegee Rest                                                                              |
|----------------------------|--------------------------------------------------------------------------------------------|
| Part Number:               | <b>VN-WT2</b>                                                                              |
| Screen Rail Width:         | Will work with up to 2" screen rails, square or round. Will NOT work on Newman Roller M3's |
| Shipping Weight (one set): | 1lb (.45kg)                                                                                |

Works on almost  
any rear clamp  
press!!

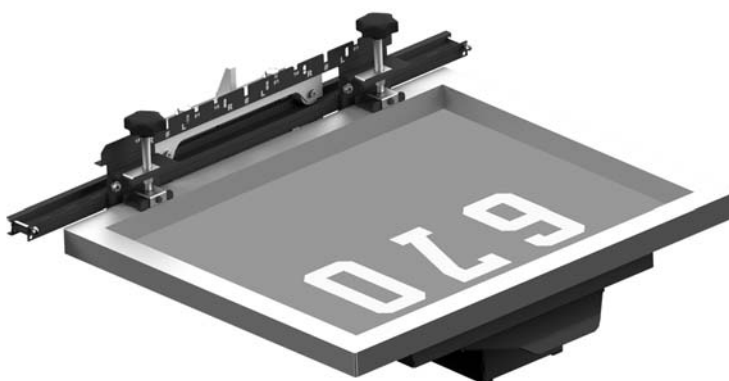

**DIGIT-12**  
2 color, 12" numbers on a Vastex V-2000  
4 color / 4 station press (shown above)

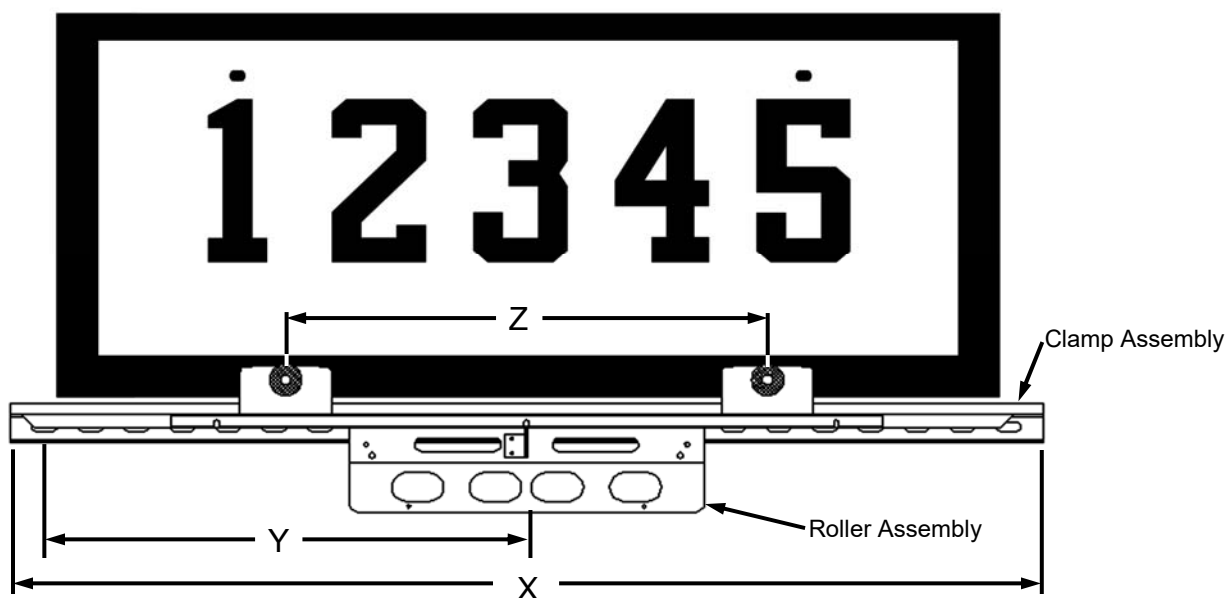

\*\*This dimension of 18" is critical when determining how the DiGiT system will work on your press. From the top edge of the number, to the back of your screen clamps is 18". Your pallet must be able to move to this position. 19" is the recommended minimum for this dimension.

| Specifications                                 | DiGiT-8                                                  | DiGiT-12                                               |

\*\* Based on utilizing max image area on pallet. Using smaller screens than indicated will limit max image size.

**Mount your custom pallets to this surface!**

**Universal Pallet Mount:** Used to mount custom pallets to any Vastex Press  
p/n: 05-15-037-0

**Standard V-2000 Pallet Arm**  
p/n: V2-ARM

Pallet arms are available separately for V-2000 and V-1000 model printers. Pallet arms can be purchased to enable you to make custom pallets out of any material you desire and in any shape you need.

## **V-2000 has 3 different size Pallet Arms available**

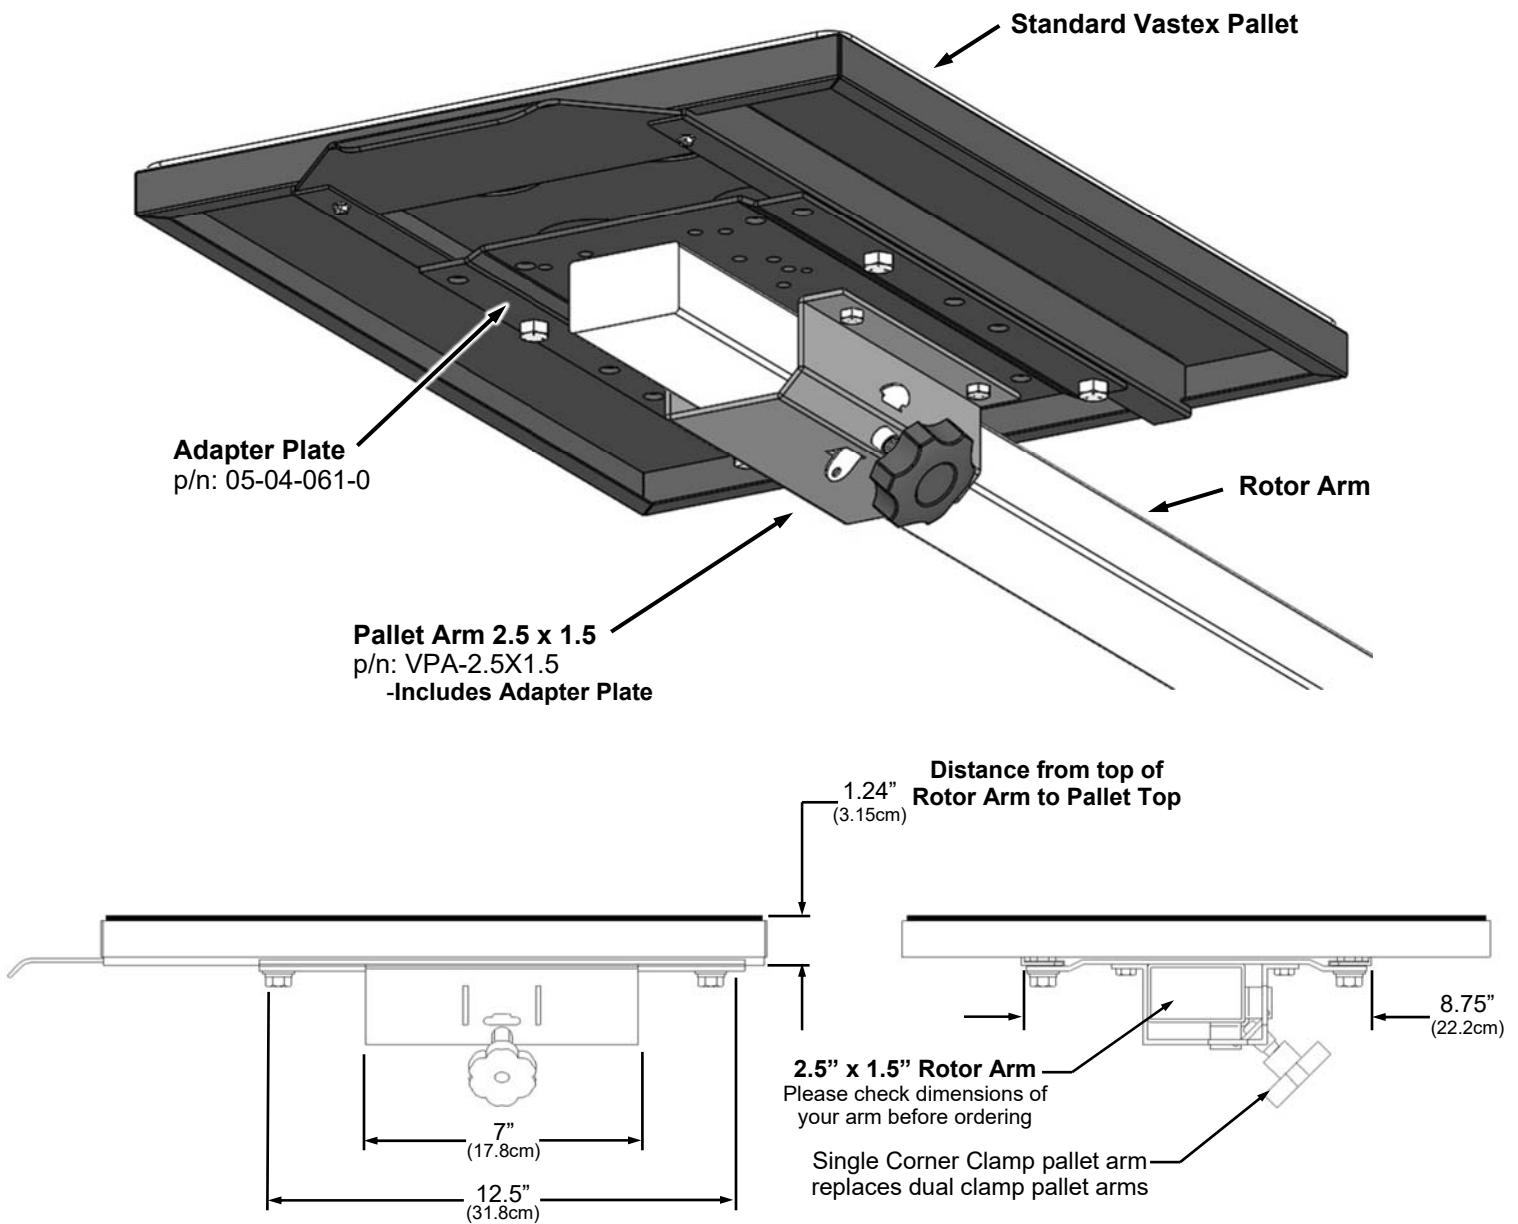

- Mini Pallet arm– For use with small custom pallets up to 9" square.
- Standard Pallet arm (shown above)– For use with pallets up to 24" in length.
  - Optional second knob available for standard pallet arm only
- HD Pallet arm– For use with all over-sized pallets.

## **V-1000 has 2 different size Pallet Arms available**

- Mini Pallet arm– For use with small custom pallets up to 9" square.
- Standard Pallet arm– For use with custom pallets up to 24" in length

## Pallet Arm Adapter

Works with **Hopkins, Workhorse, Printa**, and any other press that uses a Rotor Arm measuring 2.5" x 1.5" (6.35 x 3.81cm).

Use our The Pallet Arm Adapter and replace your stock, multi knob pallet arms, with our single corner clamp Pallet Arm Adapter. You can also use just the Adapter Plate with our pallets and your original stock arm.
