

ATHLETIC NUMBERING ATTACHMENT

THE DiGiT

Shown is a four color press with a two color, 8" DiGiT numbering system

Convert ANY** rear clamping manual press into a numbering machine in 20 seconds

Advanced Number Spacing

Compensates for the narrow #1 by allowing 5 unique positions for each digit from 0 to 9.

1 Tired of using heat transfers, stencils, or turning away number printing jobs?

2 The DiGiT is a clamp-in numbering system designed to fit YOUR press.

3 The DiGiT slide locates each number for fast and precise printing.

4 With DiGiT, you print consecutive numbers as fast as regular spot printing.

Features:

- Print 2 to 3 times faster than any other comparable number system!
- Register numbers instantly and precisely with an easy to see sight rail.
- No flash necessary for 2 digit, single color prints.
- Unique sight rail with yellow target makes printing easy.
- Have a side clamp machine? We have a solution, call us for information.

*Kits do not include "lift assist" springs, ink, or other consumables.
 **Requires a well built press with the capacity to hold a 26 lb attachment and at least two print heads for one color or four for a 2 color number..

DiGiT DETAILS

What to purchase:

- A) Attachment only, supply your own fonts, screens and squeegees.
 B) Build your own kit, choosing from, attachments, positives, developed screens and squeegees.
